

BarnMaster®

Corrugated Wall and Roof Panels

1 1/4 BarnMaster®

2 1/2 BarnMaster®

BarnMaster®

Corrugated Wall and Roof Panels

BarnMaster® corrugated panels are an economical option for any agricultural application. Central States offers 1¼ and 2½ profiles depending on your needs. Protect your investment with BarnMaster® corrugated panels.

- Both profiles are available in 29 gauge or economy gauge.
- 29 gauge is available in either Galvanized G90 or Galvalume AZ55.
- Economy Gauge is available in Galvanized G40.
- BarnMaster® panels are available in bundles of 25 in stock lengths of 6', 8', 10', 12', 14', 16', 18' and 20'.
- BarnMaster® is manufactured in Arkansas. Longer lead times may apply on some orders.

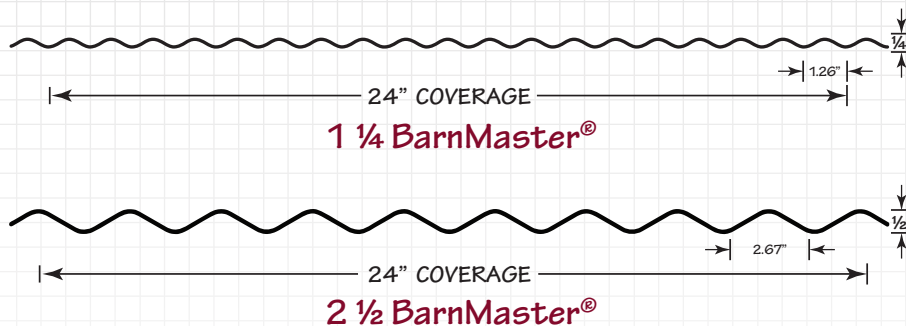

SUBSTRATE COATINGS:

What's the difference between Galvalume® and Galvanized?

Acrylic Galvalume® outperforms most metals longterm and has a 25-year "rust-through" warranty.

Galvanized does NOT have this warranty, but is better suited for animal confinement.
