

# Panel-Loc Plus™

Wall and Roof Panel

## Superior *durability* with an attractive appearance

Panel-Loc Plus™ provides superior durability by adding a striation on top of the rib, giving it even more strength and protection against leaking. Available in 3 options, Panel-Loc Plus™ gives residential, agricultural, and light commercial projects the protection of steel with an attractive appearance.

Panel-Loc Plus™ from Central States® has become the standard for excellence in the industry.

- Employs a drain channel that guards against wind, rain, and snow; minimizing leaks.
- Wide fastening surface for easy application.
- Unique lap groove hides the overlap, giving a smooth, clean appearance.
